Steve Sosebee
Palestine Children's Relief Fund
P.O. Box 1926
Kent, OH 44240

Dear Steve Sosebee:

On behalf of Charity Navigator, I wish to congratulate Palestine Children's Relief Fund on attaining the coveted 4-star rating for demonstrating strong financial health and commitment to accountability and transparency.

The nonprofit sector is advancing and expanding. As our organizations evolve, so do the desires and interests of our supporters. Astute donors are yearning for greater accountability, transparency, and for concrete results from us. With more than 1.5 million American charities, Charity Navigator aims to accentuate the work of efficient and transparent organizations. The intent of our work is to provide donors with essential information to give them greater confidence in both the charitable decisions that they make and the nonprofit sector.

Based on the most recent information available, we have issued a new rating for your organization. We are proud to announce Palestine Children's Relief Fund has earned our tenth consecutive 4-star rating. This is our highest possible rating and indicates that your organization adheres to sector best practices and executes its mission in a financially efficient way. Attaining a 4-star rating verifies that Palestine Children's Relief Fund exceeds industry standards and outperforms most charities in your area of work. Only 3% of the charities we evaluate have received at least 10 consecutive 4-star evaluations, indicating that Palestine Children's Relief Fund outperforms most other charities in America. This exceptional designation from Charity Navigator sets Palestine Children's Relief Fund apart from its peers and demonstrates to the public its trustworthiness.

Forbes, *Business Week*, and *Kiplinger's Financial Magazine*, among others, have profiled and celebrated our unique method of applying data-driven analysis to the charitable sector. We evaluate ten times more charities than our nearest competitor and currently attract more visitors to our website than all other charity rating groups combined, thus making us the leading charity evaluator in America. Our data shows that users of our site donated more than they planned to before viewing our findings, and in fact, it is estimated that last year Charity Navigator influenced approximately \$10 billion in charitable gifts.

Your achievement and the 4-star rating will enhance your organization's fundraising and public relations efforts. Our favorable review of Palestine Children's Relief Fund's financial health and commitment to accountability & transparency is now visible on our website.

We wish you continued success in your charitable endeavors.

Sincerely,

Michael Thatcher
President and CEO

CHAPTERS

As a grassroots nonprofit organization, a key component to our success over the years is the support of our volunteers from all over the world. In addition to our medical volunteers, we are privileged to have community volunteers who form our growing network of chapters, student clubs, and Team Palestine for PCRF. Our dedicated volunteers enable us to help injured and sick children sent to their communities for medical care, and to raise funds and awareness through fundraising and awareness events which enables PCRF to implement our humanitarian work. Our volunteers are the backbone of our organization, and it is their commitment that enables us to save lives and bring hope to thousands of children each year in the Middle East.

OUR PARTNERS

MEDICAL MISSIONS PROGRAM

PCRFB is the main nonprofit in the world sponsoring thousands of volunteer doctors and nurses to treat tens of thousands of children for free in local hospitals since our founding thirty years ago. While COVID impacted our work over the past few years, 2022 was a year for a significant rebound in new missions to the Middle East. Here are the mission in 2022 by the name of the head of the mission, their speciality, the number of volunteers, the location and the number of children screened and treated.

Head of Missions	Specialty	No. of Volunteers	Hospital	Location	Month	Screened	Treated
Dr. Mohamed Elsherbiny	Pediatric Surgery	2	Al Hanan	Jordan	January	60	38

PATIENT AFFAIRS

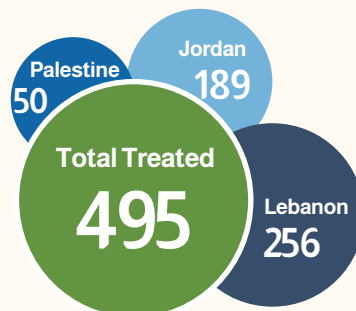

Travel Abroad Program

PCRF was founded over thirty years ago to send injured children abroad for free care they could not get locally. Over the years, we have sent over 2,000 children abroad. Like our medical missions program, COVID impacted our ability to send children abroad for treatment in the past few years. To compensate this, we have expanded our One-Time Surgery Sponsorship Program to help support local surgery, especially in Lebanon and Jordan.

Child's Name	Traveled From	Traveled to	Hospital	Purpose of travel
Ghadeer Alulu	Gaza	Amman, Jordan	Alabdali Hospital	Scoliosis Surgery
Abdelrahman Abukmeil	Gaza	Egypt	Al Watani Eye Hospital	Eye Injury (Follow Up)
Mohammed Mekky	Central Gaza	Egypt	National Liver Institute	Liver Transplant
Mariam Buirat	Ramallah	Cincinnati/USA	Cincinnati Children's Hospital	Esophageal Surgery

One-time Surgical Sponsorship

Through our crowd-funding and chapter efforts, we have been able to arrange surgery for hundreds of children in Lebanon, Jordan and Palestine through this program.

One-time Medical Sponsorship

In addition to our surgery sponsorship program, we also raise funds each week through crowd-funding initiatives to support the non-surgical humanitarian needs of children in the Middle East. In 2022 the following children were sponsored through PCRF.

Location	Medication & Milk	Orthopedic device	Artificial Limbs	Glasses & Artificial Eyes	Medical Supplies	Hearing aids	s (Tests, Sessions, Transportation, Special food)
Lebanon	20	177	0	0	20	4	55
West Bank	181	162	0	0	0	0	43
Huda Al-Masri	0	0	0	0	0	0	109
Gaza	105	213		5	16	124	19
Jordan	23	26	1	0	0	4	61

Monthly Handicapped Sponsorship Program

For 20 years we have been linking sponsors abroad with disabled youths in Palestine and Lebanon's refugee camps to get monthly sponsorship to help ensure their humanitarian and medical needs are met. The monthly disabled sponsorship program and the monthly orphan sponsorship program helped secure their medical needs, rehabilitation sessions, clothing, food and hygiene supplies, and services throughout the year.

Location	Disabled
West bank	228
Gaza Strip	133
Jordan	16
Lebanon	32
Gaza Syrian Child Sponsorship	9
Total	418

Gaza Orphans Sponsorship

Location	2014 War Orphans	Zakat Foundation America	Detroit Orphans	General Zakat Fund
Gaza	119	300	71	200

HUMANITARIAN PROGRAMS AND PROJECTS

For 30 years, PCRFB helped children in the Middle East through a wide variety of humanitarian programs and projects. These relief projects extend throughout the Gaza Strip, the West Bank, Jordan, and the refugee camps in Lebanon. In 2022 due to COVID and the continuous strife in the Middle East, there is an even greater need for the continued implementation of PCRFB's humanitarian programs and projects, including numerous new relief projects in the Gaza Strip. Our main sponsorship programs are the Gaza Mental Health Program, Urgent Gaza Relief, and our Gaza Amputee Program.

GAZA MENTAL HEALTH PROGRAM

Mental health and psychosocial issues constitute one of the largest and least acknowledged health problems in Palestine and especially in Gaza Strip. According to previous official studies in mental health, Palestine (Gaza and West Bank) has the most significant burden of mental disorders in the Eastern Mediterranean region. It is worth mentioning that the leading causes of mental health deterioration in Gaza are the recurrent violence, the ongoing blockade, and deteriorating living conditions, including increasing poverty, and a sense of hopelessness. Women and children are the most vulnerable slices of Palestinian society and worldwide. PCRFB has a highly qualified team in the Gaza strip to carry out its mental health program for 2022. The team was able to conduct various services of mental health for the enrolled 541 cases from all over the Gaza Strip, and based on the cases evaluation reports; all cases received the needed mental health support, whether through group therapy sessions, individual therapy sessions, peer support group sessions, or family interventions (home visits).

Target group	Cases
Cancer	277
Blood Diseases	20
Dialysis	38
Cystic Fibrosis	29
Amputees	126
Travel Abroad	1
Total	541

URGENT GAZA RELIEF

Following the bombing in Gaza in May 2021, we implemented a variety of urgent relief programs and projects in the Gaza Strip. These projects are aimed to help support thousands of families' basic living needs, in addition to the continuous mental health support to the children of Gaza.

Project	Children and Families Served	Project	Children and Families Served
Supplying Medical Beds for Cerebral Palsy Children's	420	Aqsa Hospital Urology Equipment	30,663
Solar Power Systems for kids	32	School bags and stationery project 2022	3,000
Hospital base/dialysis unit bedside tables	40	Food Vouchers Distribution For Poor Families	41,195
Standard Wheelchair	324	Providing the MOH with Urgent Drugs and Disposables	1,000,000
Providing water barrels for the families who lost their homes	7,000	Alternative Energy to Power Disabled Children's Home Medical Devices	40
Medical Equipment for EGH	683,768	Supporting Children with PKU	30
Monthly Sponsorship for displaced children (12 Months)	770	Winter clothes for children - December 2022	2,215

GAZA AMPUTEE PROGRAM

PCRf runs the only amputee program in Gaza, providing youth who have lost limbs with medical treatment and mental health care. The medical treatment is in partnership with Al Sheik Hamad Bin Khalifa Al Thani Hospital for Rehabilitation and prosthetics in Gaza. In 2022, 134 amputees benefited from the program.

Third Annual Camp Ability For Amputees

In the summer of 2022, PCRf held the Third Annual Camp Ability, where amputees from all over the Gaza Strip were able to build relationships with their peers and participate in various social and educational activities. Most of the amputee children lost limbs due to wars, return marches, congenital deformities, and other medical diagnoses. During the camp, children enjoyed cultural activities to learn about the world and recreational activities, including sports, swimming, and art, along with mental health sessions and peer groups. The amputee youth in the program also receive a medical follow-up on their prosthetics, with prosthetics expert Ramona Okumura, in coordination with Hamad Hospital in Gaza. Camp Ability helps gives the children the confidence to accomplish anything regardless of their disability and helps integrate them into the local community while building their self-esteem. PCRf began the summer camp for amputee children in 2019, and it continues to highlight the youth's capabilities to the community and the world.

Huda Al Masri Pediatric Cancer Department

The Huda Al Masri Pediatric Cancer Department in Beit Jala Hospital was opened by PCRFB in 2013 as the first and only department treating children with cancer in the West Bank. Since then, hundreds of children got free care they otherwise would not get locally through our continued efforts of training staff, providing medical care, and child-life services. Also, in 2022, we built a new addition to the department and plan to expand further in 2023.

Activity	Number of Beneficiaries
Patient Birthdays Parties	11
Eid Clothes	50
Ramadan Meals Iftar (Ms)	151
Art and entertainment activities	86
Ramadan Gifts	26
Christmas Gifts	56
Christmas Lunch	20
Storyteller	16
Physiapy	110
Red Nose Clown visits	48
Medical tests	87
Summer camp	30
School bags	50

Dr. Musa and Suhaila Nasir Department

In 2019, we opened Gaza's first and only pediatric cancer department in the Rantisi Specialized Hospital in Gaza City. Named after our main supporters when we founded PCRFB, Dr. Musa and Suhaila Nasir, the department has provided hundreds of children in and out-patient care, reducing their need to leave their families and travel abroad for treatment. Since 2021, we have collaborated with the Islamic Relief Palestine (IRPAL) to sponsor the inpatients' nutritious meals, including breakfast, lunch, and dinner.

Activity	Number of Beneficiaries
Hygiene kits	200
Children Eid Gifts (Adha and Iftar)	150
Staff Eid Gifts (Adha and Iftar)	100
Ramadan Meals Iftar (caregiver and staff)	325
Make A Wish	9
Summer Recreational Activities	80
Food vouchers	300
Diapers for cancer children	10
School Bags and stationery	120
EID clothes	100
Birthdays	12

INFRASTRUCTURE PROJECTS

Our infrastructure projects aim to fill gaps in the public health sector in Palestine, so to make a sustainable impact on the quality and availability of public health services in Palestine. These include building the first Pediatric Intensive Care Department and Pediatric Cardiology Department in the Palestine Medical Complex, new Emergency Departments in Alia Hospital in Hebron and Jenin Hospital in the northern West Bank, and much more.

Lebanon	Gaza
PRCS Clinic Rehabilitation	Improving the Neonatal Intensive Care Unit
Safad Hospital Equipment	Equipping the Emergency Room of Burajj Medical Center, Gaza

West Bank
Rehabilitation of ER in Alia Hospital project in Hebron
Pediatric Cardiology Department/Palestine Medical Complex
Improving the Neurosurgical Department at Rafidia Hospital, Nablus
